Video Nas arrested for D.U.I? Damn!!

I really hope Nasir doesn't kill his legacy with these repeated public L's. I've seen him travel several times and counted no less than 20 in his entourage. One of those guys should have been driving on this and every night actually. You are an icon Mr. Jones and should protect that status at all times by any means necessary.

I like to call this piece " **Yo, we drinking this straight up with no chaser..**"

I really got the urge to go in HEAVY so thats what I did.... I cant even name all the artist I played because there are way to many (at least 50 records) but I will say that it is 2+ hrs of classic Hip Hop music. Pete Rock & C.L reunited!

A few days ago on Twitter I posted an open note asking Pete Rock and C.L Smooth to give us one more album and a brief discussion ensued which resulted in people thinking that it would never happen. Well today I seen a tweet from JayForce with a link to this video showing the fellas performing out in London. It's only 2 mins and some change so hopefully I can find more footage later.

**them: Let's meet at the driving range Tone...me:
Ok!**

I've been meaning to post this clip for a while now.....my mind isn't what it used to be. Life and Samaria thought it would be a good idea to have our meeting on the golf course that sit right behind Life's new crib. I was all for it. What you are about to witness is a a possible trailer for what could be the sequel to the movie *Disorderlies* because while our intentions were good we could have thought our presentation through a bit longer. Life is wearing hospital scrub pants with a polo shirt and receiver gloves since he didn't have the proper gloves for the sport. You will also notice that Sam J is sporting a dashing pair of Panama Jack Shorts with a powder blue polo to compliment the tricked out design of the trouser like garment and then there's me....Until now no one has ever been known to wearing Chuck Taylor Converse onto a golf course....I accept that award. Notice the cuff in the jeans which was a sign of respect for the green to prevent dragging any foreign objects onto the course. We are no Wilshire cadets, but our game is improving.

I like to call this piece: **Where the hell did the ball go?**

note stick around to the very end and you will see a familiar face in exile.

The receding 9yr old!!

If you had a chance to read [this letter](#) from my son to me then I am sure you thought as I did that it couldn't get any funnier than that.....Well...It does. Friday night I was suppose to stop home for a really brief moment before heading out to a show. They say an idle mind is the devil's playground, but I don't think that was the case with my son because not even the devil would tell a kid to do this to himself.

I know the video isn't the greatest it was taken with my Iphone.

[starttext]

My man Big Ron posted this video on his Facebook last night about 1:00am and I was almost declared dead around 1:05am. This video is freakin HILARIOUS!!! The husband explains the video well enough for me not to type it all out again.

Enjoy:

The Slo-Mo is the best part so hang around for that.
